

How to calculate the number of days required to complete your order?

**Normal Order**  
 Example:  
 You place an order for Business Card on Monday.  
 Number of days required to Process your order = **2 days**  
 (Tue & Wed). Your business card will be delivered to you on Thursday.

Note:  
 - Standard Delivery to West Malaysia requires 1 Working Day.  
 - Standard Delivery to East Malaysia requires 2 Working Days.

**Rush Order**  
 Is an optional service and is available for selected products only. By paying extra, your order will be completed and delivered faster.

See example below:

Note:  
 - Standard Delivery to West Malaysia requires 1 Working Day.  
 - Standard Delivery to East Malaysia requires 2 Working Days.
